**MEMORANDUM FOR:** Deputy Director for Intelligence  
Deputy Director for Plans  
Deputy Director for Support  
Director of ELINT  
Director of Research and Development

**SUBJECT :** Identification of Type of R&D and Technical  
Field in FY 69 Budget Estimates

1. In order to describe our R&D programs in terms of technical content and type of work as well as program association, identification of these two additional items is necessary.

2. Would you please mark up one copy of the R&D Category portion of your FY 69 budget submission identifying the type of work and technical field for each item listed? The same identification will be needed for items submitted in this category in response to the Program Call. The definitions provided in Part V of the Project Officers Handbook of the Directorate of Science and Technology should be used. To help promote a common understanding of the definition of these terms either [redacted] 7655, or [redacted] 5042, will be happy to work with your technical staff in developing this list.
